14200 Carlson Circle
Tampa, FL, 33626

July 26, 2006

The Town of Lake Hamilton would like to take this opportunity to thank Adam Corwin and his staff from Triton Water Technologies. Our Public Works department as well as the ladies at Town Hall had the pleasure of working with Lance and his crew who we found to be very professional.

We have gone from two men reading meter's three to four day's a month, to one man reading the whole Town in two hours, which now frees our worker's to move on to other projects sooner.

Sincerely,

Marlene M Wagner
Marlene Wagner
Mayor
