December 20, 2011

To Whom It May Concern:

The City of Pascagoula contracted with Triton Water Technologies on June 1, 2010 to install a Badger Meter Company Orion radio read system. The team assigned to us for this undertaking included Lance Davis, Operations Manager and Tommy Ingles, Project Manager. Both of whom were very professional and efficient throughout the project.

The overall project included changing out or retro-fitting a combined total of roughly 13,000 gas and water meters of various sizes. The crews worked fast and remained courteous to our citizens/customers as well as responding quickly to any follow-up requested. The project finished on time and on budget.

If you have any questions, please feel free to contact me at the number below.

Sincerely,

Jerri Rainey, Utilities Business Mgr.
